1 | DEPUTY HEAD BOY

- I want to make Sceptre unique, by innovating & executing ideas
- I also want to improve it's Reputation, with the help of Brands and Social Media
- I have noticed that Sceptre faces a lot of criticism on Reddit, which I will fix
- Moreover, I will introduce initiatives to provide ease for both the Students and the Faculty, and encourage them to excel

2 | VP OF THE SCIENCE SOCIETY

- If I don't get nominated for Deputy, I am happy with this
- I want to innovate in the Field of Science & Software
- Moreover, we will cooperate together and contribute to Theories
- We will also collaborate together, and build numerous Programs (LeetCode)
- This Society will simulate a Scholarly Environment for Science

3 | VP OF THE PLANNERS SOCIETY

- If I don't get nominated for Science's VP, I am happy with this
- I want to introduce new & fun Activities, that are also beneficial. The Faculty will also be included in this, since they deserve it.
- Furthermore, I will create competitive games for the Houses and Societies, with Awards and Titles
- Lastly, School Batches will be invited, and we will host Events to make them feel welcome

MY GOAL

I want to improve this College from both the inside and outside, and make it more welcoming. This is beneficial for both the Faculty and Students. Sceptre is extremely underrated, and has crazy potential. My main motive is to transform this College into Cedar, or into something even better. Together, we will prove the critics wrong
